

VOTE AS IF YOUR LIFE DEPENDS ON IT - IT DOES!

We must defeat the fascist danger, the MAGA right, in November
Trump's PROJECT 2025 has a target on our backs

PEOPLE'S NEEDS	WHAT WE HAVE WON BY ORGANIZING	WHAT WE WILL LOSE WITH PROJECT 2025
DEMOCRACY	Justice Department prosecuted the participants in the Jan 6 coup attempt and hundreds are serving jail time. Prosecution for acts undermining voting rights. Appointment of Ketanji Brown Jackson to U.S. Supreme Court.	Project 2025 gives the president power to use federal government resources to investigate and prosecute whomever he or she wants. Ends Department of Justice independence. Consolidates power in the presidency by gutting checks and balances.
JOBS and UNIONS	15 million jobs created by Infrastructure Act, Build Back Better and CHIPS Act,. Increased funding and pro-labor appointments to National Labor Relations Board (NLRB) enabled 200,000 new workers to join unions for a voice at work.	Gives employers even more control over workers to hold down wages, prevent union organizing, exploit child labor, and lock people into lower-paying jobs. Fires tens of thousands of civil servants. Allows employers to stop paying workers for overtime work.
TAXES	The child tax credit cut child poverty in half. A 15 % corporate minimum tax established.	Cuts corporate taxes by \$500 billion, from 21% to 18% — the lowest in more than 80 years — and cuts taxes for the wealthy.
SOCIAL SECURITY and MEDICARE	To date, prices of 10 most expensive drugs lowered as a result of negotiations with big pharmaceutical companies. Insulin capped at \$35 monthly.	Project 2025 cuts Social Security benefits by raising the retirement age. Bans Medicare from negotiating with pharmaceutical companies for lower drug prices.
HEALTHCARE	Children's Health Insurance Plan (CHIP) and Medicaid strengthened with more funding. Free COVID testing, vaccines and sick pay made available. Affordable Care Act extended to DACA recipients.	New tax on health insurance for millions of people covered through their employer. Protections weakened for those with preexisting conditions. Forces patients to pay more for preventive health services.
EDUCATION	\$4.7 million in student loans forgiven. Public school teacher Miguel Cardona appointed as Secretary of Education. \$2billion increase in Title I funds to 90% of school districts across the nation helps students in low-income communities.	Eliminates Head Start, closing preschools and stripping services for low-income families. Eliminates the U.S. Department of Education and ends affordable student loan repayment plans. Controls what local schools can teach and bans books.
ABORTION RIGHTS	In some states ballot initiatives won restoration of the protections of Roe, reversing the limitations imposed by the Supreme Court in the Dobbs decision.	Project 2025 bans abortion nationwide, including a ban on in vitro fertilization, restricting access to contraception, and criminalizing medication abortion.
CIVIL RIGHTS	Streamlined and expanded unification programs for families to stay together during immigration process.	Project 2025 eliminates civil rights protections for millions of people, making it easier to discriminate against LGBTQ people, women, and people of color.

TRUMP'S PLAN FOR FASCISM

Question: *What is Fascism?*

Answer: Fascism is when a government uses the most extreme and most violent aspects of the most reactionary sections of monopoly capitalism to completely destroy peoples' movements and our ability to use our voices to resist. Labor unions are targeted and decimated. Civil protest is met with the most extreme violent military response. Voting rights are stripped. Progressive leaders and organizations are targeted for blacklisting, jail, or worse.

Question: *But don't we already have fascism right now?*

Answer: No. Police violence, repression on college campuses, overt racism, and the stripping of women's and voter rights are all aspects of fascism, but are not unique to fascism. What we are seeing during this time is happening because the rich are getting much richer and increased repression and oppression usually accompanies increased exploitation.

BUT: Right now, labor unions are expanding and have gained 200,000 new members in the last two years. U.S. citizens are able to vote, even though there is continuing struggle against voter suppression. We have the ability to organize for working peoples' rights without being jailed or killed. Women still have access to abortion in many states. Racial and gender-based discrimination is still illegal. Gay marriage is still national law. If we are going to protect these rights and continue to have the ability to expand the peoples' movement,

We must fight with everything we have to defeat fascism in these elections **TRUMP'S PROJECT 2025: WHAT IS IT?**

"PROJECT 2025" is a complete playbook for Trump's fascist takeover beginning on DAY ONE of his presidency.

"PROJECT 2025", written by a large list of Trump's allies and extreme right-wingers in the Heritage Foundation, is a 900-page document that explains exactly how his administration will destroy our country's democracy and eliminate all forms of public service, humanitarian aid, labor rights, and the ability to organize or protest. All of this is enabled by the Supreme Court decision on absolute immunity for the president.

"PROJECT 2025" is currently accepting applications and is training hundreds of extreme conservatives, like the ones who stormed the White House on January 6th, to be appointed at all levels of Trump's administration and the government. Please visit www.project2025.org to see it yourself.
